FOREVER   
DIGITAL TRANSFER APPLICATIONS TECHNOLOGY

**TRANSFERRIP**  
COLOR PROFILE • WHITE CONTROL • RASTERIZATION

FOREVER TransferRIP optimizes images in preparation for the digital heat transfer process

## Rasterization

### EXTREMELY HIGH WASHABILITY

Rasterized designs can be washed better than full scale designs, because the mechanical abrasion of the printed image is minimal in comparison.

Excellent results were especially achieved with polyester fabrics that were washed more than 40 times at 40°C without losing image quality.

#### ADVANTAGES:

- Raster with 1-Click
- Soft Touch
- Less Toner Consumption
- Unique Look
- Extremely High Washability

# HOW EASY CAN YOU RASTERIZE AN IMAGE?

SAVE TIME & MONEY BY USING FOREVER TRANSFER RIP

## White Toner Control – Save up to 40% on Costs

### VIBRANT COLORS LOOK BETTER ON DARK MATERIALS.

The White Toner Controls enable users to transfer in breathtaking full color plus white. Offering designers, graphics studios, point-of-sale manufacturers and a range of other graphics based businesses a new flexibility in their printing, proofing and dark substrate transferring.

Achieving vibrant color transfers is an advantage to any graphics business.

With the White Toner Controls, it is also possible to save money, by reducing the amount of White Toner being printed.

#### ADVANTAGES:

- Better color reproduction
- Save on White Toner
- Save up to 40% on overall Toner costs

## Color Management Controls

### CREATE DYNAMIC IMAGES BY REMOVING COLORS OR CHANGE THEM ENTIRELY.

With the Selective Color Correction and FOREVER Transfer Media defined Color Profiles, the user receives Optimal Color Reproduction.

Additionally, users have multiple settings such as Brightness, Contrast, Saturation and Selective Color Correction to adjust images manually.

#### ADVANTAGES:

- Best possible color reproduction
- Save Toner
- No mistakes!
- Even softer touch by optimized Toner use
- Save up to 40% on overall Toner costs
