This new and exciting textured finish is fun to write on with standard chalk and easy to wipe clean with a damp cloth. Smaller sizes can be used in the kitchen for recipes, notes, and shopping lists while larger sizes can be used in bars, classrooms, churches, meeting rooms, restaurants, and coffee shops. Larger chalkboard signs can be used as one-of-a-kind wedding or baby shower signage with plenty of room for handwritten messages.

Vapor Apparel offers fabrics enhanced with UPX50+ to protect your skin against harmful UV rays. The Solar Performance line is ideal for team sports, workforces, adventures, coastal sports, and any high endurance activity.

M-Shield’s zinc based technology keeps fabrics fresh and defends against odor causing bacteria. In addition to providing enhanced performance during use, the antimicrobial feature also helps to extend the useful life of the product.

PURE-tech™ Cool Wicking Technology delivers superior moisture wicking features shown to improve the body’s core performance, releasing heat when it’s warm and trapping it in the cold.

Vapor Apparel’s sweats are famous because they wick-away moisture and provide ultimate softness and comfort. Decorate these for booster clubs or with your company logo for a thoughtful holiday gift to employees and co-workers.
