Ceramic Value Tiles

- Provide a beautiful, photo-quality finish for kitchens, bathrooms, museums, foyers, and office lobbies.

- Available in a variety of sizes and finishes.

- Matte, Satin, Gloss, and Dura Satin finishes.

- Mosaic tiles are not recommended for floor, countertop, or exterior applications.

- Each tile is individually cut, causing variations in color, texture, size & thickness.

- Presents images in an old-world style.

- Provides a brilliant canvas for the best artwork and photo reproduction.

- The matte ceramic tiles are highly resilient and scratch resistant.

- 20 tile thickness.

- 3” x 3” tiles.

- 4” x 4” tiles.

- 5” x 5” tiles.

- 6” x 6” tiles.

- 8” x 8” tiles.

- 10” x 10” tiles.

- 12” x 12” tiles.

- Assorted sizes available.

**Epson SureColor F-Series High-Performance Dye-Sub Printers**
- How do you render the dye-sublimation transfer printer? You start by specialty designing, from the ground up, every component to surmount screens on space. From the print head with ink technology, to the printer engine and software. The result? A high-performance dye-sublimation transfer printer designed with extreme reliability for industrial-level production.
- Featuring a robust print mechanism and exceptional print head technology, the SureColor F-Series dye-sublimation transfer printer is designed with extreme reliability for true industrial-level production.
- Fulfill even the most demanding orders in a flash with print speeds up to 635 sq. ft. per hour.
- Capable for extremely high production, the printer can print at speeds of 1800 sq. ft. per hour. The print head technology was optimized specifically for dependable, high performance in our SureColor F-Series dye-sub transfer printers.

**Epson SureColor® F-Series Printer**
- **64” media width**
- **44” media width**
- **Short-run or photo quality soft sign making**
- **Flaps, stretch frames, table throws, drapes, roll-up banners, back-lit and rigid surfaces, promotional products**

**SureColor® F-Series Ink**
- Traditional CMYK color ink set
- Replenishment for the Epson Micro Piezo TFP Print Head
- Superior overall image quality
- Extremely fast drying
- Aggressive pricing
- Ōko-Tex Standard 100

**SureColor® F-Series Printer Options:**
- Featuring a new high-density black ink, the Epson UltraChrome DS ink set delivers rich blacks, extraordinary color saturation and high color contrast for superior overall image quality. These inks were designed exclusively for the SureColor F-series printers and ensure print head reliability and high productivity. Epson printers are designed to be used exclusively with Epson genuine inks, as opposed to any other brands of reinks or cartridges. Our genuine ink technology comes with a full printer warranty and support for about the same cost per ml as typical third-party solutions.

Pro9541WT Printer

The OKI Pro9541WT is everything you want in a digital transfer printer. This 5-color digital transfer system has a low total cost of ownership and enables you to print brilliant color, opaque white, and true black... all in the same pass! The Pro9541WT provides you additional cost savings with the ability to use true black (K), instead of composite black (CMY). A quick and easy alternative to screen and direct to garment printing, the Pro9541WT is perfect for small scale production of custom apparel and goods.

FOREVER TransferRIP 12-Month Update Plan.

79000001201

- Provides color and image editing tools for optimizing images in preparation for the digital heat transfer process
- For OKI White Toner Printers

C711WT Printer

The OKI C711WT provides new opportunities for everyone from the novice to the experienced printer. White toner opens the door to new product applications, and offers the ability to press onto a multitude of colored surfaces. No more having to screen print or wear out paper for hours to get white lettering or graphics. With its low entry cost and wide set of capabilities, it has never been easier to start a profitable business decorating garments and creating personalized products, on-demand.

Pro8432WT Printer

The OKI Pro8432WT now offers the ability to switch between printing with White to printing with True Black. The Pro8432WT, with brilliant Color + White, can now use true Black (K), allowing the same printer to cost effectively produce both dark and light transfers! With true black (K) installed in white, you can produce rich black CMYK for transfers onto lighter materials or on-screen black text and graphics. Also, using black toner provides cost savings compared to using cyan, magenta, yellow or white to represent black.

C831TS Printer

The OKI C831TS is a perfect solution when OKI is all you need. Designed for the production of white and light colored items, the C831TS provides the same high quality prints as all OKI digital transfer options - but at a lower operating cost and a lower price. With the ability to print 11”x17” (tabbed) sheets and lowest toner cost per square inch, the C831TS is the ideal solution for those looking to enter the garment and apparel decorating industry, as well as those looking to reduce their cost-per-print for white and light colored items.

EXOSTENCIL™ Screen Prep Paper

A revolutionary, permanently self-adhesive, “Chemical Free” way to make a re-usable stencil. This 2-step process eliminates the need for screen maestros, allowing you to get into production in just minutes. This process for manufacturing screens is superior to the method by screen manufacturers. Learn more in a heat press with a 13”x19” stencil.

Heat Presses & Accessories

**JP14 Heat Press**
- 12"x14" swing-away press
- Adjustable digital timer/temperature
- Adjustable pressure
- Designed for light usage and portability

**DC16 Heat Press**
- 14"x16" swing-away press
- Interchangeable platens & bottom tables
- Adjustable digital timer/temperature
- Adjustable pressure

**DC16 & DC20 Presses**
- Choice of 14"x14" or 18"x20" clamshell press
- Opens wide and lifts up far away from the rear of the pad - away from user’s hands
- Extra long & wide handle and smooth gas shock lift for easy and safe use
- Auto-Release upgrade opens the press automatically at the end of the winding cycle

**DK16 & DK20 Spares**
- 14"x16" Press, Manual
- DK16-AUTO 14"x16" Auto-Release Upgrade
- DK20 10"x10" Press, Manual
- DK20-AUTO 10"x10" Auto-Release Upgrade

**DK20S Heat Press**
- 10"x20" swing-away press
- All-Therm™ table loading design on DK20S and DK20SP models allows both front loading and rear loading of garments
- Adjustable digital timer/temperature
- Adjustable pressure to accommodate substrates from fabric up to 2" thick

**Twin Shuttle Press**
- Choice of 16"x20" or 20"x25" presses
- Dual sliding table configuration allows the operator to unload a finished item while material on other table is being pressed
- Adjustable digital timer/temperature
- Adjustable pressure

**DK25S Heat Press**
- 20"x20" jumbo swing-away press
- All-Therm™ table loading design on DK15S and DK15SP models allows both front loading and rear loading of garments
- Adjustable digital timer/temperature
- Adjustable pressure

**DK32 Heat Press**
- 26"x32" fixed-head manual drawer press
- Adjustable pressure
- Adjustable digital timer/temperature
- Perfectly complements the 24.4" print width of Sawgrass’ Virtuoso UV & E Printer

**All-Thread™ Table Loading System**
- Standard & 8’x12’ custom!
- Tri-Tone designs also available for heat set fabric patches
- Fan-cooled rotary presses
- Most popular in the world for years

**Production Jigs**
- Stands available for many badges, tags, key tags, dog tags, Christmas ornaments, etc.
- Fans designed to cool recently pressed flat substrates in a fraction of the time needed to cool naturally

**Heat Conductive Rubber Pads**
- Used as a “buffer” between press platens and substrate
- Helps prevent heat rejection and unevenly
- Must when pressing glass products

**Heat Insulating Felt Pads**
- Keeps heat next to the substrate, reducing press time
- Additional sizes available - call for details

**Teflon Sheets & Pillows**
- Sheets required for heat set fabric patches
- Teflon Base Plates triple black polyester
- Additional sizes available - call for details

**Heat Presses & Accessories**
- 12"x14" swing-away press
- Adjustable digital timer/temperature
- Adjustable pressure
- Designed for light usage and portability

**Conde**

Available in assorted sizes!

DyeWraps, Sleeve Wraps & SubliShrink
Introduced to remedy the challenges of imaging uniquely shaped products, Shrink Wrap Film Sleeves give digital decorators the ability to sublimate an exciting variety of tapered drinkware and handleless wine tumblers using a convection oven.

To use, simply insert a blank sublimatable product with attached transfer into a film sleeve, shrink the film sleeve with a heat gun to conform to the product’s shape, and then place it into a convection oven for that product’s appropriate temperature and time settings.

Visit www.conde.com or call 800-826-6332 TO ORDER

- Eska SG800 with EasySubli™ inks is a great addition to any shop. In addition to HTV, you will be able to use the EasySubli™ inks for all of your sublimation needs!

2001 EVO Modular Shears turn your Mojave into a complete cutting system, providing instant performance when cutting on a variety of materials. The CM40 and CM60 are modular shears that can be added to the Mojave for shearing aluminum, brass, and other materials. The CM80 is a fully duty cornering system for 0.080” aluminum and other materials.

EasySubli Heat Transfer Vinyl unlocks the potential of sublimating on colored polyesters, cotton, rayon, and more. A Virtuoso SG400 or SG800 with EasySubli™ inks is a great addition to any shop. In addition to HTV, you will be able to use the EasySubli™ inks for all of your sublimation needs!
East & West Coast Warehouses
With a main distribution center located in Mobile, Alabama and a distribution warehouse located in La Mirada, California, Condé® provides low freight costs and fast transit times to our valued clients on both sides of the country.

Blank Products
